STARRY ARTS SCHOOL

STARRY ARTS ONLINE IS SUPPORTED BY THE
NSW GOVERNMENT THROUGH CREATE NSW

ABOUT US

Starry Arts Online's STEAM education is centred around creative arts. Students explore the evolution of innovative practises, discoveries and technology from ancient civilisations to the present day.

Students engage in complex critical thinking and problem-solving processes to learn and empathise with the natural environment, the world, the universe and ultimately themselves. Hence, Starry Arts guides students in their creativity and self-expression to lead a desirable future.

STARRY ARTS SCHOOL

PAST EVENTS & ACTIVITIES

2020–2022 Five online and offline large-scale activities in cooperation with the City of Sydney Government:

- **2017–2019** Successively held the Sydney Town Hall Art Exhibition, the Sydney Opera House Art Exhibition and the Sydney Darling Harbor Art Exhibition.
- **2020** NSW Government approved **Create NSW Starry Arts Online**.
- Published several times on the cover of local council magazines.
- The **first global children's** hand-painted art **3D light show** exhibition in cooperation with the **City of Sydney**.
- The second season of the series "**Starry's Time and Space Travel**" will soon be broadcasted. The series includes children's hand-painted art 3D light show exhibition, as well as stories in children's own paintings.
- Each year, Starry Arts students have been nominated for various art competitions including the **Young Archie** Competition.
